Standard offer bandwidth: 5M/5M, 10M/10M, 20M/20M and 30M/30M and 40M/40M.

Migration offer bandwidths from E-Lite are: 128k/128k, 512k/512k, 1M/1M and 2M/2M.

Migration bandwidths are only applicable for customers within existing contract moving an existing Elite copper service to Ethernet over NBN fibre service.

Committed Data Plans are incompatible with Eligible Corporate Mobile Plus Local, National or Global Plans, Basic \$20, X-Large or XX-Large Plans.  - (b) 1024 bytes = 1 kilobyte (kB) and 1024 kilobytes = 1 megabyte (MB).
- 6.3 In addition to our FairPlay Policy, you must not use, or allow others to use any service connected to an Corporate Mobile Plus Plan:

 - (d) to send messages to any numbers that we reasonably believe have been set up to enable you or another person to commercially exploit our services.
